LAMOKA WANETA LAKE ASSOCIATION

DIRECTORY

1958

LAMOKA-WANETA LAKE ASSOCIATION DIRECTORY

This Directory gives the names and addresses of Association members who are owners of cottages on Lamoka and Waneta Lakes. The first section gives in alphabetical order the name of the owner, his home address, the name of the cottage if it has one, and its number on the Lake. The symbol o means for owner's use; r means for rent, and g means guest. The name between " " is the name of the cottage and the name between ( ) is where it is located. R after the number means the place is on the road rather than the lake shore.

The second section gives the names of the owners on Lamoka Lake and the third section gives the names of the members of the Association who are guests at the lakes.

This Directory was made to the best of the committee's ability according to the information furnished by the cottage owners.

****

Lamoka-Waneta Lakes Association

The Lamoka-Waneta Lakes Association was formed in the summer of 1938 by an interested group of property owners and summer residents of Lamoka and Waneta Lakes and the surrounding territory.

The organization was organized to protect the interests of all property owners, residents and summer residents of these lakes to the best of its ability.

This summer the Association would like to work toward a suitable water level in the lakes that will make them safer and healthier for the swimmers, fishermen, and boatsmen. It is believed that the scum that floats on the water is caused by pollen and that if the water level were higher, it would not float to the top. It is also believed that if the water level were higher, the lakes would be a better place for the fish to live. It would also benefit the boatsmen because it would be easier for them to dock their boats. The organization would also like to build a bridge over the channel which will make transportation easier from one lake to another. They would also like to stock the lakes with fish again because it is believed that the muskies that were put in a few years ago did not grow because of the low water level.

These and many more projects the Association would like to accomplish in the future. But they cannot do it by themselves, they need your help. So, instead of sitting back and complaining, join the Association, get others to do likewise and then place the matter before the Association in the regular way.

The dues are only $1.00 per year and the meetings are held twice a year. We urge all owners of property, users and residents of the lakes to become members. At the present time Joseph Andrews, 92 East 1st Street, Corning, New York is President and Miss Kay Miles, R. D. #1, Dundee, New York, is Secretary. Just send them a dollar for membership and promote these beautiful lakes.

The latest accomplishment of the Association is this new directory made by Miss Kay Miles of R. D. #1, Dundee, New York and Frank Cicci of 110 Owen Street, Horseheads, New York.

Speak to your friends and neighbors about becoming a member and get a new directory.
