Lake Keuka Directory

The first section of this directory lists in alphabetical order the names of owners and of usual occupants (when known) of all cottages and homes along the lake roads. y, after the name means that person lives there the year around, o, he has it for his own use mainly, and r, he usually rents it. The address given is the home address of the person listed. A name between * * denotes the owner of the place occupied by the person listed. Ownerships are listed in the husband's name even though it may be in a joint ownership or may actually be in the wife's name. The name after the — is the cottage name. The last column is the cottage number, PYe meaning Penn Yan

Branch, east side; Haw, Hammondsport Branch, west side; Bre, Branchport Branch, east side, etc.

All numbers on the Penn Yan Branch pointed off to two places denote the miles from the corner of Main and Elm Streets in Penn Yan; those on the Hammondsport Branch, the miles from the monument in Hammondsport; and those on the Branchport Branch the miles from the four corners in Branchport. To save space the abbreviation St. is omitted from the address. Penn Yan is listed PY; Hammondsport, Hport; Branchport, Bport; Elmira E; Corning, C; Rochester, R; and Painted Post, PP. If the state is not shown

it is New York State. R after a number indicates it is on the road if the road is away from the lake. If two or more places are the same distance away the next one back from the lake has A after the number; the second, B; etc.

The second section gives in alphabetical order the named cottages, their owners and numbers.

The third section gives in geographical order the numbers of the cottages and homes, their owners and their names.

Inside the back cover is a map made especially for this directory with enough numbers printed to show the approximate location of every place on the lake.
